

§ 10.809

46 CFR Ch. I (10–1–96 Edition)

**§ 10.809 Experience requirements for ratings endorsed on certificate of registry.**

An applicant for rating to be endorsed on a certificate of registry shall submit evidence of experience as follows:

(a) *Marine physician assistant.* Successful completion of an accredited course of instruction for a physician's assistant or nurse practitioner program.

(b) *Hospital corpsman.* A rating of at least hospital corpsman or health services technician, first class in the U.S. Navy, U.S. Coast Guard, U.S. Marine Corps, or an equivalent rating in the U.S. Army (not less than staff sergeant, Medical Department, U.S.A.), or in the U.S. Air Force (not less than technical sergeant, Medical Department, U.S.A.F.), and a period of satisfactory service of at least one month in a military hospital or U.S. Public Health Service Hospital.

**§ 10.811 Expiration of existing certificates of registry.**

The expiration year of a certificate of registry issued without an expiration date is calculated by adding 5-year increments to the issuance date of the certificate of registry, up to first applicable year falling between 1995 and 1999, inclusive. The day and month of expiration are the same as that of issuance. Table 10.811 is provided as an aid for calculating the expiration date of a certificate of registry issued without an expiration date. A certificate of registry is not valid for use after the expiration date calculated under this section, but may be renewed in accordance with the requirements of § 10.209.

**Subpart I—License Examination Subjects**

**§ 10.901 General provisions.**

(a) Each applicant for any license listed in this part shall pass examinations on the appropriate subjects listed in this subpart, except as noted in § 10.903(b).

(b) If the license is to be limited in a manner which would render any of the subject matter unnecessary or inappropriate, the examination may be amended accordingly by the Officer in Charge, Marine Inspection. Limitations which may affect the examination content are:

(1) Restricted routes for reduced service licenses (master or mate of vessels of not more than 200 gross tons, operator of uninspected passenger vessels or uninspected towing vessels); or,

(2) Engineer licenses with horsepower restrictions.

EFFECTIVE DATE NOTE: At 61 FR 47064, Sept. 6, 1996, § 10.901 was amended by revising (a), effective October 7, 1996. For the convenience of the reader, the superseded text is set forth as follows:

**§ 10.901 General provisions.**

(a) Applicants for the licenses listed in this subpart must pass an examination on the subjects listed prior to issuance of a license. For all deck and engineering licenses, the examination must be written, except where indicated in § 10.205(i)(1) of this part.
